

LIFESTYLE HOTEL

THE NETHERLANDS

On-going strategic consultancy about incorporating new creative health and wellness offerings to the development of a highly innovative and sustainable lifestyle hotel in Amsterdam.

The hotel will be the first LEED platinum certified hotel in Europe and is closing every possible cycle in the fields of energy, wastewater and use of materials.

The company's goal is to create an inspiring hotel experience for conscious and creative cosmopolitans; those 'who treat life well'.

The hotel will be a creative community hub where guests can experience an authentic and real commitment to sustainability, enjoy natural beauty, real food, craftsmanship, connect with locals and continue living a healthy and balanced lifestyle.
